GORILLA GRAY

KONG Dividers
Divided storage allows you to keep your food dry and drinks on ice at the same time. Food safe and BPA-free, KONG Dividers can be used vertically or as shelves. You can also pair your Divider with a KONG Kicker to create a side table or to use it as a cutting board.

KONG Cut'N Trays
Cut'N Trays can be used independently or attached to the side of your cooler with a KONG Kicker. KONG Cut' N Trays are food safe, BPA-free, and incredibly functional. Plus, Cut'N Trays fit perfectly inside the top of your KONG Cooler for easy transport and set-up.

KONG Bottle Biter
Let the jaws of KONG crack the cap off your favorite beverage. The stainless steel Bottle Biter is easily installable and made to last a lifetime.

KONG Kicker
The KONG Kicker is the support device used to mount Dividers or Cut'N Trays to the side of your KONG Cooler.

KONG Krush Guards
Keep fingers safe. Great for when kids are around, or when you're hanging out at the evening campfire. Easily installable and removable.

KONG Traction Pad
The KONG Traction Pad permanently attaches to the top of your cooler allowing you to use it as a casting platform or non-slip surface.

"Keeps Ice for Days"
Kong coolers are for real. Very well made! Made in the USA and keep ice for days. And the prices are great. You won't go wrong by supporting this great company. Thank you for the great product keep them coming.
David R.

"Very Well Built"
I own two 70s and a 110. They are very well built, hold ice and contents for days, and clean up to new after use. I own another premier brand and hands down would buy Kong over anyone else.
Doug M.

KONG Drain Plug Hose Adapter
Drain your KONG Cooler faster and more conveniently. Hook up a hose so draining water lands away from your cooler.

KONG Stickers
Add KONG Coolers to your vehicle, boat, window, or any flat surface. These smooth decals come in white or black.
