

Fantastic Plastic

Premier **Pallet Solutions** from iGPS

THIS WAY FORWARD

iGPS is revolutionizing logistics with the world's first all-plastic pallet pooling system:

100% recyclable

Costs less to transport

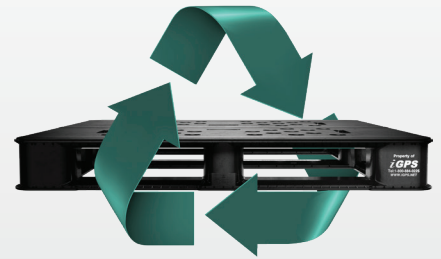

Lighter and more durable

No nails or splinters

SERIOUS SUSTAINABILITY

Since 2017, iGPS' efforts have led to the reuse of more than

80,000 TONS

of post-consumer and post-industrial resin!

For every 100,000 iGPS pallets shipped ...

- Nearly **1,000 gallons** of fuel saved
- More than **20,000 pounds** of greenhouse emissions reduced

iGPS plastic pallets vs. wooden pallets ...

- Up to **20 pounds lighter**
- **4x the lifespan**
- Safer and easier for employees to handle

iGPS plastic pallets are always recycled ...

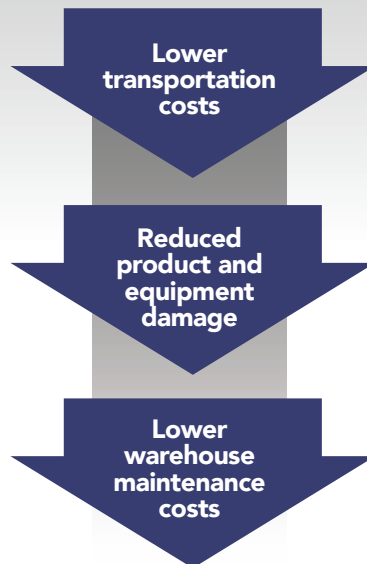

- About **16% of wooden pallets** end up in landfills

SIZABLE SAVINGS

Switching to iGPS shipping platforms saves companies up to

\$4.57

 per pallet load.

CLEAR-CUT CONVENIENCE

Pallet pooling solves numerous problems:

No more separate logistics infrastructure for pallets

No more sorting, repairing and discarding wood pallets

No need to store large volumes of unused pallets between peak periods

MAKE THE SWITCH

Enjoy logistical benefits and improve your bottom line when you switch to sustainable iGPS plastic pallet pooling.
